MAY LOOSE TERRITORY.

A Bill Has Been Filed in Chancery Asking
That Part of Daytona Beach Be

Set Out of Corporation.

A petition has been filed in the Circuit Court of Volusia County, asking that all territory south of Thomas Goodall's property be set aside from the corporate limits of Daytona Beach. This suit is brought in the name of all the property held in the territory affected, by Stucklers Land & Co., T. E. Fitzgerald, Frank W. Pope, of Jacksonville, will represent the town of Daytona Beach in this proceeding.

The cause will come up for hearing early in January, at which time Judge

Alexander says It Was Codicillion.

The Jacksonville Metropolis says: "James E. Alexander, of DeLand, writes the Metropolis that the correspondent of this paper at Tallahassee was mistaken in giving him the credit for the fight which resulted in the removal of DeLand from the corporation. Mr. Alexander says that C. O. Coddington, a native of the DeLand, News, deserves this credit and that he went to Tallahassee to see the Paroling Board and not to have Perkin ousted."

Paul List, of Atlanta, is in the city for a few days.

The case is being watched with interest by many who are personally involved.

Told of Everywhere.

—DeLand is rapidly becoming the talk of Florida, said a local house-transaction man in the city recently.

He says: "I told people talking

about DeLand that the other re-

sorts leave in the state." He said that he liked the type of Daytona people, as they seemed to be working hard in their "natural beauty."

A special convention of the Chapter will occur Tuesday, December 19.

Trumbull Cottage Sold.

Mr. E. C. Williams, of Pensacola, has sold his residence, the Trumbull cottage on Ocean Boulevard, at Bradenton, which adjoins the handsome residence owned by Mr. and Mrs. J. M. Trumbull, the architect of the building. He commented his sale by saying the young man who studied architecture should be given a period of time to put in the chain gang for a period.

Put off to Next Year.

—A special convention of the Chapter has been postponed in automobile cities by the announcement of E. H. Thomas, the Buffalo manufacturer, that every one of the five hundred touring cars which he makes will be given to a general or a commanding officer, and that the speed will be shown to every purchaser before he is asked to take a car.

G. W. Booth is expecting a large return from Ormond in a day or two. Mr. Booth recently purchased the animal and paid \$50 for it.

W. H. Moore.

In view of the talk two miles in length of the ocean and the race on the program at the Ormond Derby, it is to be expected that the speed will be given to a purchaser before he is asked to take a car.

A Poem for Today

OLD IRONSIDES

By Oliver Wendell Holmes

Y.E. had her tattered saddle gone,
Long had it served on high;
And when the battle was o'er,
She bore the banner to the sky;
She bore it high, the battle won,
And when the smoke was gone,
The nation's sons had won.
She bore the banner to the sky.

Oh, better far than blunted steel
Battered beneath the mighty deep,
Her thunder shone the mighty deep,
And when the battle was o'er,
She bore the banner to the sky,
And when the smoke was gone,
The nation's sons had won.
She bore the banner to the sky.

The eagle of the sun.

A Poem for Today

THE MOUNTAINS

By Bayard Taylor

OVER the mountain, down the mountain,
Over the mountain, down the mountain.

We bind, in form, and line and height,

And, lifted on our shoulders bare,

The arms that cleaved, the life that bled,

The arms that bled, the life that bled,

Over the mountain, down the mountain.

MAY LOOSE TERRITORY.

A Bill Has Been Filed in Chancery Asking
That Part of Daytona Beach Be
Set Out of Corporation.

A petition has been filed in the Circuit Court of Volusia County, asking that all territory south of Thomas Goodall's property be set aside from the corporation of Daytona Beach. This suit is brought in the name of all the property holders in the territory affected, by Solicitors Landis & Fish and T. E. Fitzgerald. Frank W. Pope, of Jacksonville, will represent the town of Daytona Beach in the proceedings.

The cause will come up for hearing early in January, at which time Judge

Alexander Says It Was Codrington.

The Jacksonville Metropolis says: "James E. Alexander, of DeLand, writes the Metropolis that the correspondent of this paper at Tallahassee was mistaken in giving him the credit for the fight which resulted in the removal of Solicitor Perkins, of DeLand. Mr. Alexander says that C. O. Codrington, editor of the DeLand News, deserves this credit and that he went to Tallahassee to see the Pardon Board and not to have Perkins ousted."

Minor S. Jones will come here to hear the case.

Ever since and before the incorporation of Daytona Beach, the persons in the south end of the town objected to being placed inside the corporate limits for the reason that they derived few or no benefits but nevertheless are assessed for town taxes.

The case is being watched with interest by many who are patiently awaiting results.

Talked Of Everywhere.

"Daytona is undoubtedly the prettiest town in Florida," said a well known transportation man in the city recently. "Everywhere I hear people talking of this place as a resort, and there seems to be a marked interest in Daytona, as there is apparently between the other resort towns in the State." He said that he liked the type of Daytona people, as they seemed to be working hard in hand for their mutual benefit.

Paul List, of Atlanta, is in the city for a few days.

ELECTED OFFICERS LAST NIGHT.

Halifax Chapter No. 5, Royal Arch Masons Holds Annual Election Of Officers.

The annual election of Halifax Chapter, No. 5, Royal Arch Masons, was held last night and the following officers elected for the ensuing year:

High Priest—W. V. Carter.
King—H. K. DuBois.
Scribe—G. B. Seaman.
Treasurer—F. T. Peck.
Secretary—A. H. Carter.
Principal Sojourner—T. E. Fitzgerald.
Captain of Host—E. L. Bond.
Royal Arch Captain—J. Espedahl.
Master of Third Veil—G. H. Clark.
Master of Second Veil—W. G. Hobbs.
Master of First Veil—S. H. Gove.
Sentinel—W. H. Furr.

The installation will occur at the first meeting in January.

A special convocation of the Chapter will occur Tuesday, December 19.

Trumbull Cottage Sold

Mrs. R. C. Wilkinson of Evansville, Ind., has purchased the Trumbull cottage on Ocean Boulevard, at Seabreeze, which adjoins the handsome residence owned by Mrs. Buell, her mother. As it was inevitable that we lose Mrs. Trumbull, it is a matter of congratulation that the property should have been so well placed, as well as a foregone conclusion that it would be brought up to the standard of all the buildings in which Dr. Potter is interested. Mrs. Wilkinson spent part of last winter at the Clarendon, and by her gentle courtesy, which is a family characteristic, won the friendship of those she met. The transfer was made by Baggett & Post, real estate agents.

Sensation in Auto Circles.

A sensation has been created in automobile circles by the announcement of E. R. Thomas, the Buffalo manufacturer, that every one of the fifty horsepower touring cars which he makes will be guaranteed to supply a mile-a-minute speed, and this speed will be shown to every purchaser before he is asked to take a car.

G. W. Booth is expecting a fine bear from Ormond in a day or two. Mr. Booth recently purchased the animal, and paid \$50 for it.

'TIS ITS TENTH ANNIVERSARY.

Several Members Admitted.

The Palmetto Club Will Celebrate Its

Tenth Birthday, December

Twenty-Seventh.

The Palmetto Club, one of the most prosperous ladies' clubs of Florida, will celebrate its tenth anniversary on the 27th of the present month.

A committee is now arranging for an elaborate celebration, which, among other things, will include a spread something in the nature of a banquet.

Only members of the club will be present.

The Palmetto Club is now using its rooms on Orange Avenue for committee work but will continue to use the Opera House as a place of meeting.

Cigarette Smoking.

"I see too many young men in this city smoking cigarettes" remarked an elderly gentleman at a hotel in this city yesterday. "If a young man could realize the injurious qualities in cigarettes, they would stop smoking the deadly coffin ticks," said the old gentleman. He concluded his talk by saying that young men who smoked cigarettes should be put in the chain gang for a period.

What It Means.

In view of the talk about two miles in a minute, and the race on the program of the Ormond-Daytona tournament, which requires that speed before the prize is awarded, it may be mentioned that such a pace means one hundred and seventy-six feet a second, or from New York to Chicago in a little over eight hours, as against the fastest train time of eighteen hours. Nevertheless, it is not improbable that the speed will be shown on the wavewashed speedway of sand, as at least a dozen cars are being built especially for the tournament, with one hundred and twenty miles an hour speed as the main object. Last year the best mile was made by H. L. Bowden with an eight-cylinder one hundred and twenty horsepower Mercedes that was overweight, so the record could not be allowed. His time was 32 4-5 seconds. Mr. Bowden has now retired from the racing game. The present official record is 34 2-5 seconds by Arthur McDonald with the six-cylinder Napier racer.

The show is brand new from the time the curtain rises on the beautiful new first-part until it falls after a long list of exclusive features in a brilliant Olio.

The singing party with the show this season has been selected with the greatest care, embracing voices of rare tone and quality, and the ensemble or chorus numbers, which have had careful training from, and under the personal direction of Mr. Coburn, is sufficient to say are beyond criticism.

C. M. Bingham, Jr., is spending today in Jacksonville on business.

LARGE HOTEL NEEDED HERE.

Matter for the Board of Trade to Take Up.

Asa Paine is Willing to Subscribe
a Liberal Amount.

That Daytona needs a large hotel of the highest order is apparent on every hand, and especially during the big automobile event, when accommodations are taxed to their full limit.

A hotel that would do Daytona a world of good is one of the pattern of the Florida East Coast System of Hotels. It has often been heard spoken of as to why the East Coast people would not build a handsome hotel in Daytona, and only yesterday was this matter brought up by Asa Paine, president of the Florida East Coast Automobile Association, in speaking to a Daily News representative.

Mr. Paine says the matter of building a large hotel in Daytona would be a scheme for the Board of Trade to take up with the Florida East Coast Hotel System, or other parties that would feel disposed to put some money into such an investment. He says that he feels sure other parties besides himself would contribute to a fund to start the ball a rolling.

Officials Made Inspection.

President Flagler, General Manager Parrott, and other officials of the Florida East Coast Railway, who have been on a tour of inspection of the railway property, will pass through the city this afternoon en route to St. Augustine from the lower East Coast.

George F. Proctor and W. T. Moore, of Jacksonville, came down last night on business.

Remains Shipped.

The funeral of the late Mrs. J. A. Clement, was held yesterday afternoon at 3 o'clock from the family residence on Magnolia Avenue, Revs. Marsh and Bingham officiating. The remains were shipped to Searsport, Maine, this morning for interment.

The ladies have over 300 new-style hats to select from, at Mrs. S. M. Ryan's, the milliner, over the Atwood drugstore.

A Poem for Today

THE MOUNTAINS

By Bayard Taylor

SEEVER the wheels of time go round,
We cannot wholly be disengaged.
We bind, in form, and hue and height,
The Suite to the infinite,
And, lifted on our shoulders bare,
The races breathe an ampler air,
The arms that clasped, the lips that kissed,
Have vanished from the morning mist:
The dainty shapes that flashed and passed,
In spray the plunging torrent cast,
Or danced through woven glem and shade,
The vapors of the sunbeam's braid,
Grow thin and pale; each holy haunt
Of gods or spirits ministrant!
Hath something lost of ancient awe;
Yet from the steeping heavens we draw
A beauty, mystery and might,
Time cannot change nor worship slight
The gold of dawn, and sunset sheds
Unearthly glory on our heads;
The secret of the skies we keep
And whispers, round each lonely sleep,
Allure and promise, yet withhold
What bard and prophet never told.
While man's slow ages come and go,
Our dateless chronicles of snow
Their changeless old inscription show,
And men therein forever see
The unread speech of Deity.

Lead Pipe to Keep Razor Sharp.
"Lead pipe will keep your razor sharp," confided the garrulous barter. "Get a short piece of the stanchest, softest lead pipe your plumber has in stock and keep it handy when you are stropping the razor."

"The scheme is to rub the strap with the pipe. It works best with a plain leather strap. Apply the pipe just as you would strap the razor, to the unshaved side of the leather. Strap your razor on that side, wind up with a few passes on the shaved side of the strap and you will have a first class edge on the tool. I never took the trouble to get a scientific explanation of the virtues of lead pipe as an art's whetting, but it is all to the good in that respect." —Philadelphia Record.

How It Affects Them.
An Alpine guide who had many years' experience in mountain climbing thus describes the behavior of different nationalities when they get to the top of every peak.

A German, he says, as soon as he arrives at the top wants to know the exact height of the mountain he is on and of every peak around him.

A Frenchman goes into raptures over the wildness of the scenery and the beauties of nature and sometimes accompanies his remarks by an attempt to embrace his guide.

The Englishman, when he has "done" his peak, plunges his ice ax into the snow, looks around him and then says "I say, open the baskets and let's have something to eat."

Hard to Please.
"The only perfectly beautiful woman," said a well-known sculptor, "must have been a goddess. I never saw a perfectly beautiful woman in my life nor ever heard of the existence of one. As for Cleopatra, a learned Englishman has discovered in some ancient gossip written on papyrus that she had the rosy red hair and the freckled skin of all the Ptolemy family and was obliged to resort to hair dyes and cosmetics to keep up her reputation for looks. But perhaps the severest shock to the feelings is to learn that Mary, queen of Scots, actually squinted, and that Miss Du Barry wore a set of false teeth."

The Brute.
Bank Clerk—No, madam, I am sorry but we can't cash that check. Your husband's account is overdrawn. Mrs. Lamode—Oh, overdrawn, is it? I knew something was wrong when he signed it without waiting for me to go into hysterics.

The Daily News wants 1,000 reporters. No, this is not a joke. We really want them, and we won't be happy until we get them.

In other words, The Daily News wants every person, male and female, 18 years of age and over, in Daytona, and its environs, to get on the staff of the paper. The Daily News wants every scrap of local news that is worth printing to appear in its columns. The best way to get it is to ask the people to tell you what they know.

So if you know of anything that has happened, or is about to happen, tell the City Editor about it or write to him. Let every man and woman, youth and maid in and around Daytona become a reporter The Daily News.

J. R. LaSha sold the electric plant of C. G. Burgoyne to Mr. Walbaum, of Ormond.

The Electric Company is today making some minor repairs to the street arc lights.

Mr. and Mrs. S. E. Elrod, of New Smyrna, are among the visitors to the city today.

The Daily News is delivered at the rate of 15 cents per week. The telephone number is 18.

Lois Isagi, of Philadelphia, is in the city the guest of his father, Thomas G. Isagi, on Ridgewood.

The date of The Barlow Minstrels has been changed from December 22nd to Thursday the 21st inst.

Very few anglers are out on the bridges today looking for the fun tribe, probably due to the inclement weather.

Physicians report that the town generally, at this time of the year is healthy, and but very few cases of sickness are reported.

Much interest is being manifested in the motorboat races for Saturday a week. The boat owners are getting their crafts in readiness for the sport.

Christmas berries and trees are coming to the city today in profusion from the adjacent country. A number of the stores are already decorating for the holidays.

President Asa Paine, of the Automobile Club, left today for Minneapolis. There he will be the guest of Col. Frank M. Joyce, president of the automobile club in that city.

Real estate dealers report that several large deals involving Daytona realty is hanging fire. The inclement weather has much to do with people holding back in buying property.

Tomorrow The Last Day.

Tonight "Jesse James," will be the attraction at the Opera House, and the Pickert's Company promise to put on a good performance.

Last night "Oliver Twist," appeared before a fair sized audience, and the show was exceptionally good. Little Blanche Pickert played the part of Oliver Twist in a clever manner, and excited much admiration. The other members of the Company were exceptionally good.

Tomorrow afternoon there will be a matinee, and "Charlie's Aunt," is the bill. Saturday night is the last attraction and "Confusion," will be presented.

Another train load of laborers for the Key West extension work of the East Coast Railway passed through Daytona yesterday enroute to Miami. The train as usual sped south without making a stop, for fear that the men would make their escape.

Boats Run Aground.

Reports received in Daytona are to the effect that two crafts ran aground on the Indian River North, twelve miles from here on Thursday. One of the boats was the Palm of San Mateo, and the other was unknown to the party furnishing the information. At this writing it is not known whether they are afloat from their resting place.

A Large Contract.

Roy LaSha, electrician, has the contract to install a complete electric plant of 125 lights, wiring and fixturing house complete for Godfrey Walbaum who purchased the Baldwin property on the River front at Ormond. Job to be completed by Jan. 1. By having a complete line of fine fixtures and a good force of workmen, he is able to take contracts of this size.

A few tramps are beginning to invade Daytona. But they make their presence on the streets somewhat scarce in day time, for fear that the authorities will nab them as vagrants.

A Walton Tale.

He flung his line in to the Halifax, With dexterous swirl and swish, And told his friends, with modest pride, He caught a fair sized Fish.

He told a tale again next week,

Described the lordly dish;

The size increased a little bit.

This time it was a

Miss Ruth Roberts has arrived for the winter, much to the delight of her friends.

Charles Subel, of Newark N. J., an expert photographer, has been engaged as assistant at the Harris studio.

G. H. Dunn, advertising agent for the Barlow Minstrels, is in the city posting up bills for the coming attraction.

*Don't buy that Christmas present until you see those stylish new hats, at Mrs. Ryan's, over the Atwood drug store.

Charles J. Rogero, of Palatka, one of the cleverest traveling salesmen on the road, is in the city today on business. Mr. Rogero represents Swift & Co., of Jacksonville.

Mr. and Mrs. F. Brown of Narragansett, R. I., have arrived in the city to spend the season. They have with them a Cadillac machine, which they have stored with J. C. Pettepher.

Alderman E. L. Howard, of Daytona Beach, recently returned from an extended visit to his old home in Ohio. He was accompanied by several others who contemplate making their homes in this section.

Those who met Mrs. Nellie Dorr of Chicago and her daughter Myra when they were at Seabreeze two years ago will be interested to know that they are now in Los Angeles, Cal., and were guests of Mrs. Post, just before she and Mrs. Powers left for Seabreeze.

Miss Jennie Galbreath of Madison, Ohio, came down with Mr. and Mrs. Olds as caretakers, and will spend the winter with them at Seabreeze. Although Mrs. Olds is nearly 89, she is well-preserved for her age, and is out in a wheel chair nearly every day.

DAYTONA AND ITS ATTRACTIOMS.

DAYTONA is situated upon the west bank of the Halifax River at its finest expanse and midway between its source at Buley Bay and its outlet at Mosquito Inlet. It is in latitude 29°, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of to-day, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bay and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelopsis climb and cling among the branches forming shady bower and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breeze from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macdaded and shaded roads and streets, rendering it the

Wheeler's Paradise
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivaled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, motels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, trolley Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply
which is derived from numerous dowling wells, of which there are probably 300 in the corporate limits. This is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingenton, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect in comfort as Daytona beach.

Automobile Race Meet.
The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bared for 300 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is an uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-surfaced, palm-lined boulevards bring the lovers of the wheel and vehicles into direct

of their 'smart style.'"

\$3.50 Smart Boots \$3.00

STYLE is one of the most indefinable yet important of feminine attributes. Give a woman perfect beauty and that beauty can yet be exalted by the title of "stylish." When in addition to other virtues of "Dorothy Dodd" Shoes women everywhere speak of their "smart style," we feel it expresses the utmost praise. But other features also have contributed to the truly wonderful success of "Dorothy Dodd" Shoes.

Their Lightness. They are lighter than any other shoe of equal stability.

Their Arch-Supporting Feature. This gives an easy poise and carriage and accentuates the graceful lines of the instep.

Their Moderate Price. Three fifty and three dollars per pair for really beautiful high-grade footwear.

Why not include in your gifts a Christmas box of "Dorothy Dodd" boots for some special service? You may buy special styles for dress, street, school, business, outing and other services. These are the faultless-fitting shoes now being so extensively advertised in the magazines. We have the exclusive sale. It will afford us pleasure to show them and to demonstrate these claims.
